MANUAL SIDEDRIVE DUAL MAST CARTON SEALER

The BestPack™ MSD Series is a Semi-Automatic Uniform Tape Carton Sealer and is our most popular operator-fed adjustable carton sealer. The MSD is a top of the line machine, designed to suit a variety of light-to-heavy duty uniform carton closure applications. Using side belt technology, the MSD will seal very narrow to wide cartons. Dual telescopic masts allow for an extra 4" carton height extension on the upper assembly.

All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.
